## Korea, the Center of Northeast Asia

Korea is located between China, the world's second-largest economy, and Japan, the world's 3<sup>rd</sup>-largest economy, and is within a three-hour flight from 147 cities with a population of over one million.

# Global Business Frontier IFEZ

IFEZ is creating an optimal business environment powered by its geographical advantage as the center of Northeast Asia and its infrastructure ensuring successful business activities.

## STRENGTHS

**Ideal for logistics and transportation**

Incheon Port recording dramatic logistics growth and Incheon International Airport ranking 1<sup>st</sup> in the Airport Service Quality Awards for 12 consecutive years

**Rich in high-caliber human resources**

World-renowned universities on Songdo Global Campus and talented human resources in the metropolitan area

**Optimal for business**

Full support of the central government and diverse incentives offered by IFEZ

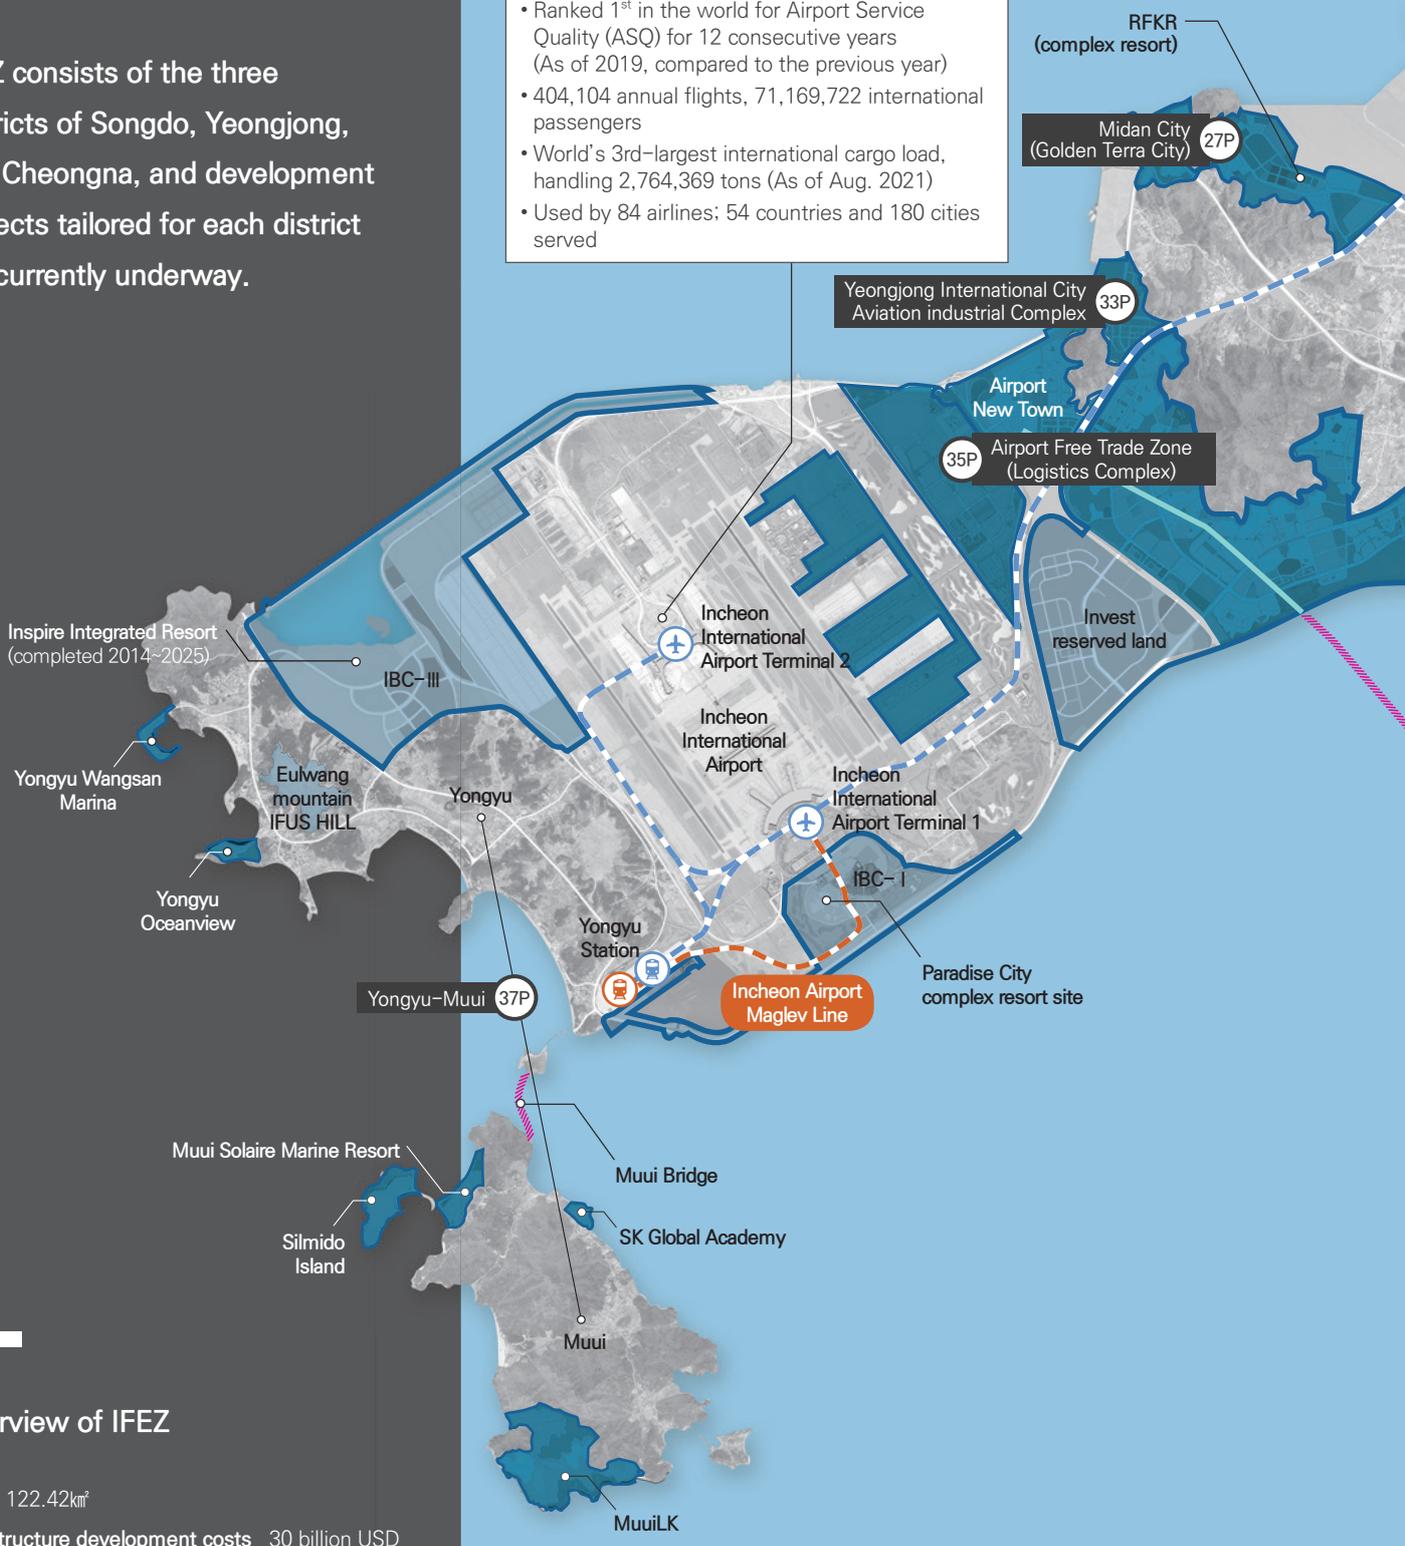

**Excellent for living**

World-class quality of life thanks to infrastructure fulfilling international standards

# Business Triangle

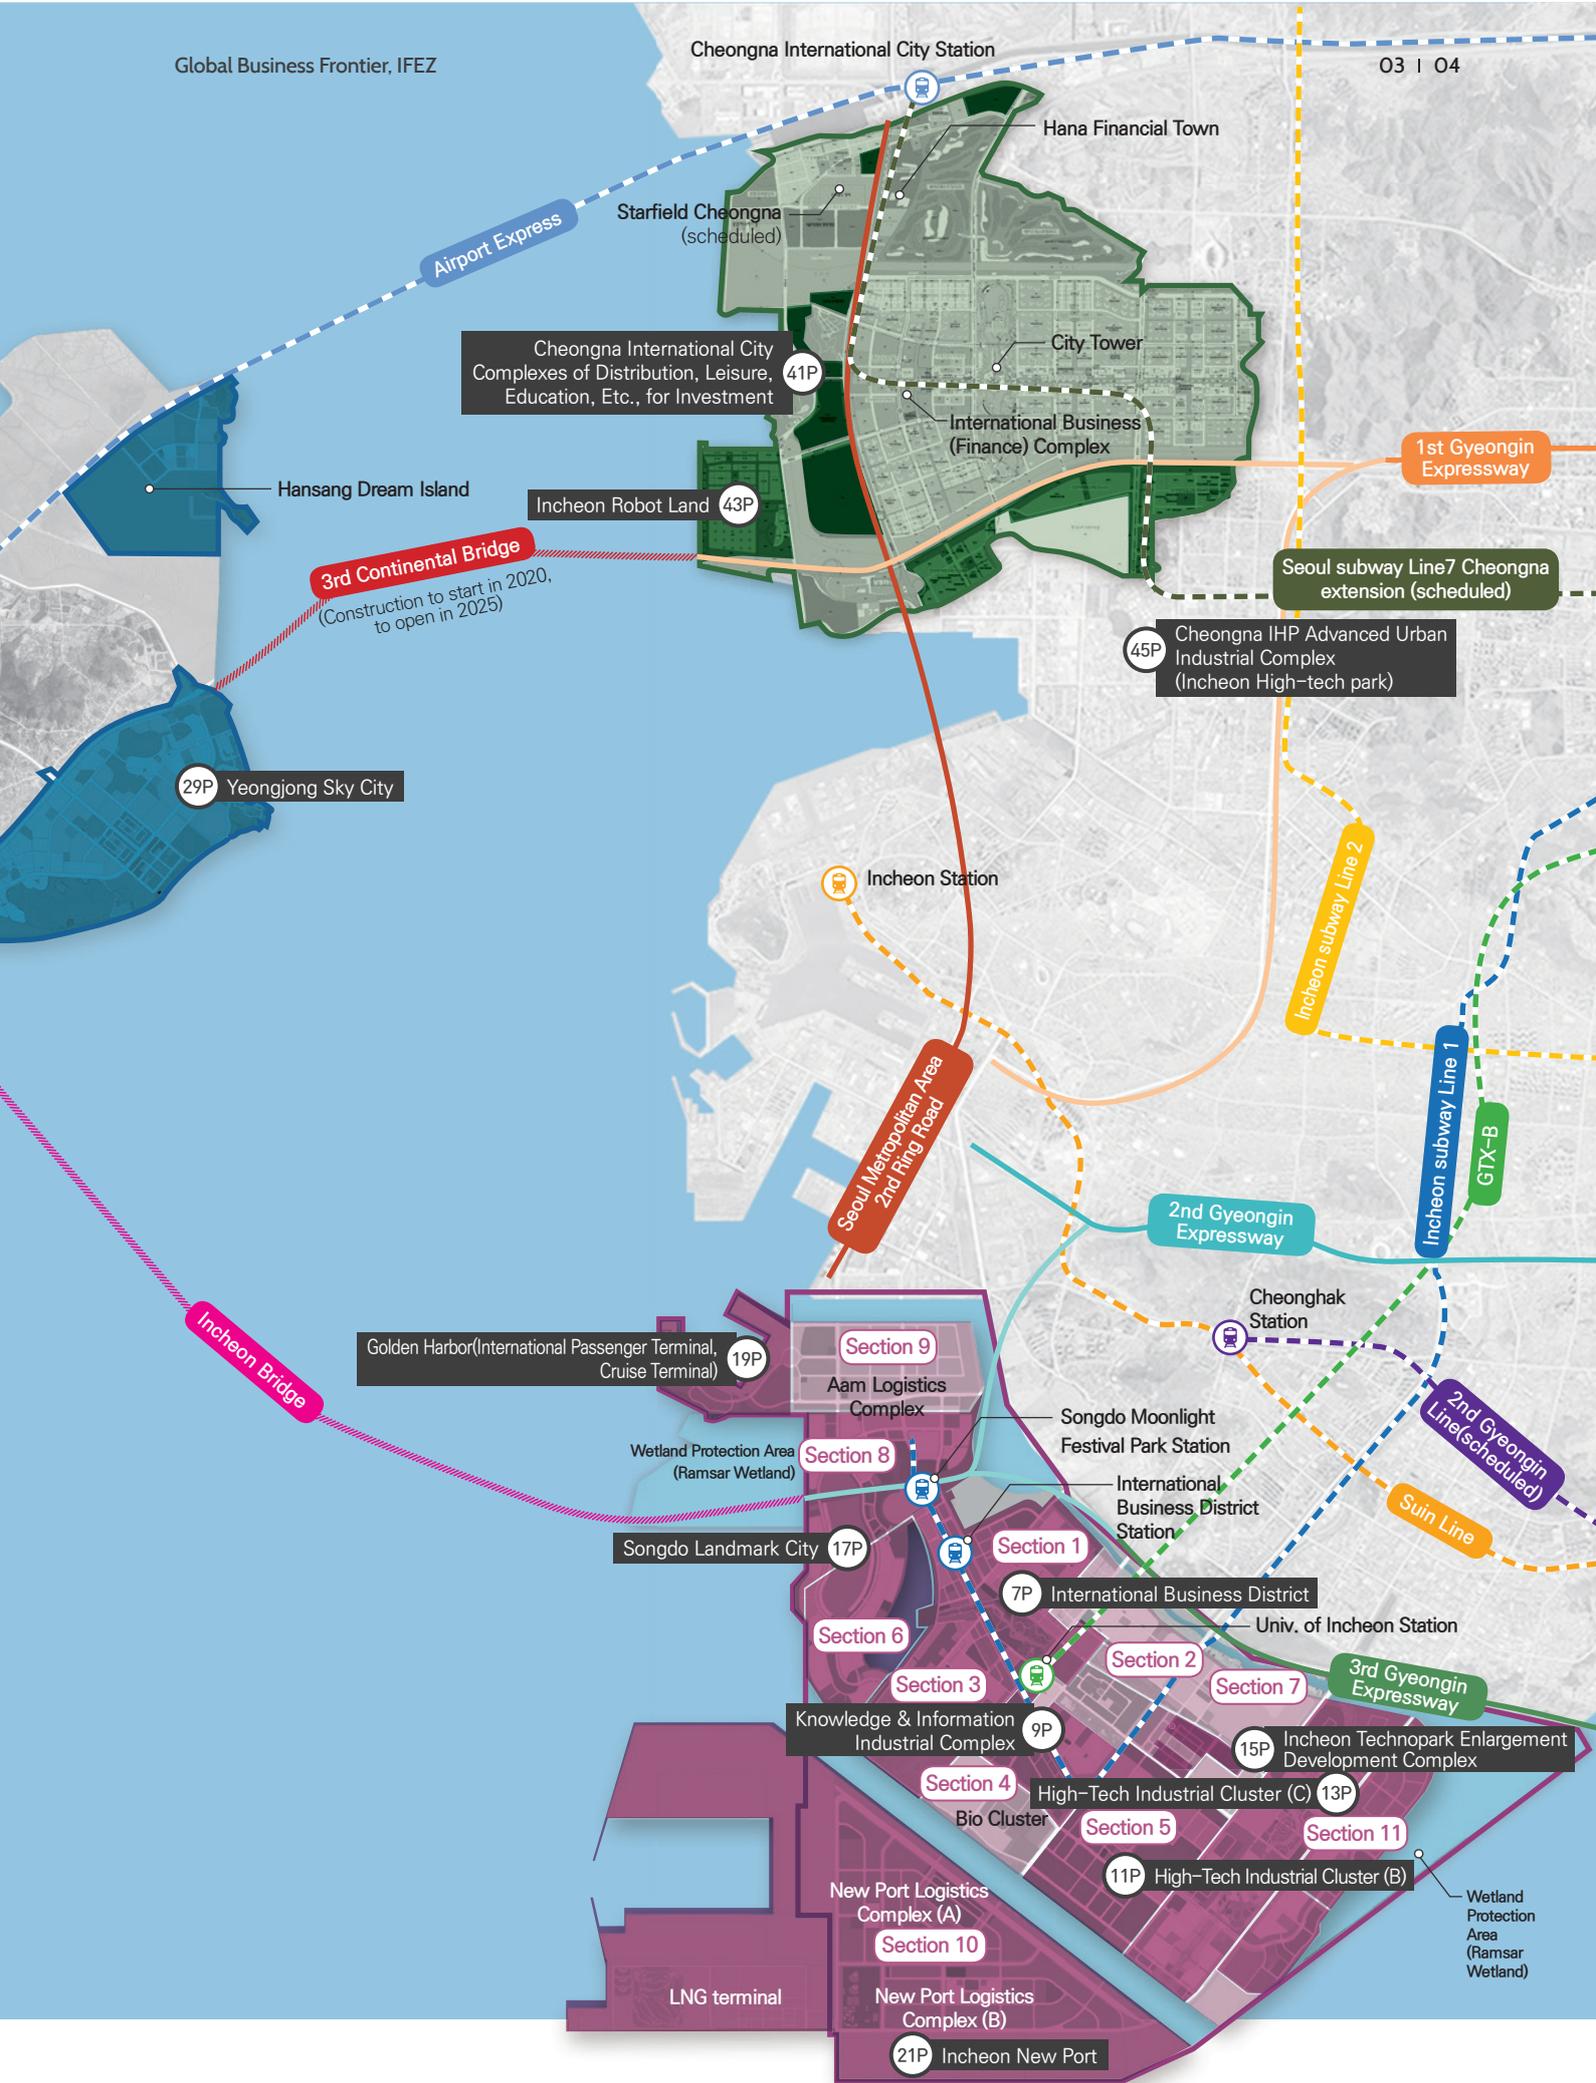

IFEZ consists of the three districts of Songdo, Yeongjong, and Cheongna, and development projects tailored for each district are currently underway.

- Ranked 1<sup>st</sup> in the world for Airport Service Quality (ASQ) for 12 consecutive years (As of 2019, compared to the previous year)
- 404,104 annual flights, 71,169,722 international passengers
- World's 3rd-largest international cargo load, handling 2,764,369 tons (As of Aug. 2021)
- Used by 84 airlines; 54 countries and 180 cities served

## Overview of IFEZ

Area 122.42km<sup>2</sup>  
 Infrastructure development costs 30 billion USD  
 Project period 2003 ~ 2030  
 Projected population 544,695(210,503 households)

# SONGDO

## Global hub of cutting-edge knowledge and service industries

Songdo International City is the center of international business and IT and BT development. With a wave of companies from Korea and abroad moving in, the completion of Phase II of the Songdo Convensia Convention Center is serving as a catalyst in the advancement of the MICE industry.

- International Business District
- Knowledge & Information Industrial Complex
- High-Tech Industrial Cluster (B)
- High-Tech Industrial Cluster (B)
- Incheon Technopark Enlargement Development Complex
- Songdo Landmark City
- Golden Harbor(International Passenger Terminal, Cruise Terminal)
- Incheon New Port

## Overview of Songdo International City

Location	Songdo-dong, Yeonsu-gu, Incheon
Area	<b>53.36</b> km <sup>2</sup>
Infrastructure development costs	KRW 21 trillion 54.42 billion
Project period	2003 ~ 2030
Projected population	265,611 (104,112 households)

# International Business District (IBD)

IBD will enhance the premium value of the central commercial district of Songdo International City.

With Songdo Central Park, a true urban shelter, in its center, the district is the first in Asia to host the headquarters of the Green Climate Fund and other UN offices. The district also boasts a concentration of various forms of infrastructure from business facilities to high-end hotels and large discount stores, implying strong underlying demand.

**Location** 11-13, Songdo-dong, Yeonsu-gu, Incheon, Republic of Korea (Section 4)

## Development Plan for IBD (B)

Incheon Metropolitan City Development Corporation ☎ 032-260-5602

# Knowledge & Information Industrial Complex

The Knowledge & Information Industrial Complex is an ecofriendly, cutting-edge industrial complex serving as a home of manufacturing, R&D, education, living, and business facilities.

A robust industrial cluster is being built with companies and research institutes focused on IT, automobile, and robotics moving into the knowledge information industrial complex, which continues to attract organizations in state-of-the-art industries based on world-class IT technologies

- Location** 11-13, Songdo-dong, Yeonsu-gu, Incheon, Republic of Korea (Section 4)
- Resident companies** 53 companies including IBM KOREA, Kyungshin, HL klemove, and Hellermann Tyton
- For inquiries** Emerging Industry Division IFEZ Authority ☎ 032-453-7374, 7382

## Development Plan for the Knowledge & Information Industrial Complex

### Knowledge-Based Services

Block	Lot number	Area (㎡)	Building-to-land ratio (%)	Floor area ratio (%)	Height	Details

# High-Tech Industrial Cluster (B)

The High-Tech Industrial Cluster is being developed into an R&D-centered industrial cluster occupied by major companies from Korea and abroad based on its world-class IT facilities.

Through the convergence and clustering of the IT, BT, and NT technologies of Korea and abroad, industry-academia-research synergy is maximized.

- Location** 201-2, Songdo-dong, Yeonsu-gu, Incheon, Republic of Korea (Section 5)
- Resident companies** 22 companies including Mando Brose, TOK Advanced Materials, and Amkor Technology Korea
- For inquiries** Emerging Industry Division IFEZ Authority ☎ 032-453-7654, 7374, 7382, 7371, 7656

#### Introducible facilities

Hotel, Resort, Entertainment facilities, Complex commercial facilities, Complex Culture and Sports Facilities, Marine Culture and Tourism Facilities(Exhibition, Convention, etc.)

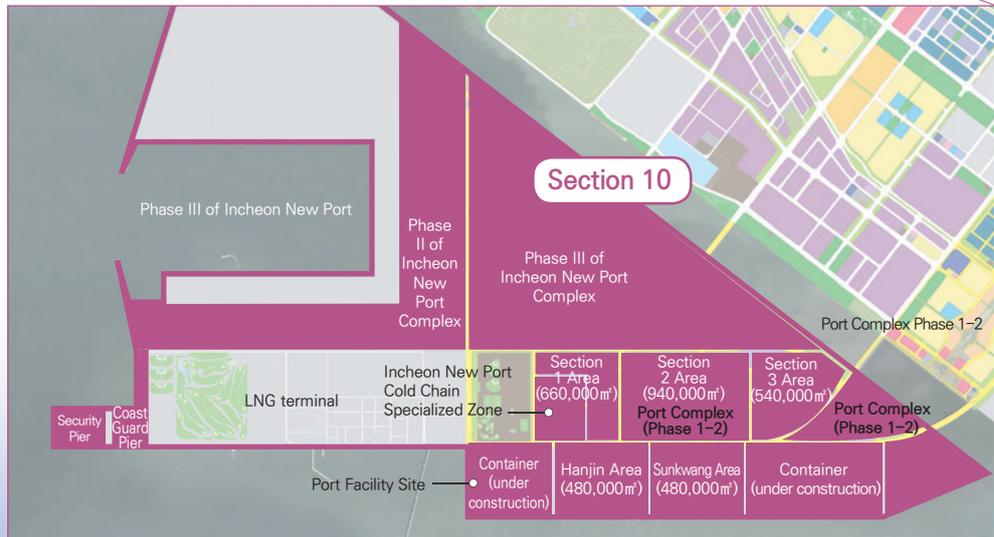

# Incheon New Port

The Incheon New Port Development Project is underway to build a new port boasting world-class infrastructure and premium services.

By 2030, Nine berths servicing up to 4,000-TEU containers and an expansive nearby complex will be constructed on the southern shores of Songdo International City to support the imports and exports of the industrial complexes in the metropolitan area and serve as a logistics base.

 9/2,650m Number of berths/ Total pier length	 2,550,000㎡ Area of port complex site
 3,540,000 TEU Cargo handling capacity	 (-)16m Anchorage depth

## Development Plan for the Incheon New Port

### Incheon New Port Development Plan (Phase 1)

<b>Project costs</b>	KRW 2.447 trillion (KRW 994 billion from the government, KRW 590.2 billion from IPA, and KRW 460.5 billion from the private sector)
<b>Project period</b>	2007~2030
<b>Cargo handling capacity (container)</b>	3.54 million TEU per year
<b>Berthing capacity</b>	9 berths (3,000TEU x 2, 2,000TEU x 4, 4,000TEU x 3)
<b>Details</b>	<ul style="list-style-type: none"> <li>- Servicing up to 4,000-TEU ships and water depth set at 16m</li> <li>- By the government: Shore protection (15.9km), government-managed pier (410m), approach road (6.8km), port complex site (540,000㎡), etc.</li> <li>- By IPA: Container ship pier (2,650m with 9 berths), port complex site (660,000㎡), etc.</li> <li>- Private Investment : Port Complex site (1,890,000㎡)</li> </ul>

### Current Status of Phase I-1

Classification	Hanjin Incheon Container Terminal	Sunkwang New Container Terminal
Area (㎡)	Pier wall (800m) / CY (480,000㎡) 3,000 TEU x 1 / 2,000 TEU x 2	Pier wall (800m) / CY (480,000㎡) 3,000 TEU x 1 / 2,000 TEU x 2
Period	To be leased for 30 years after opening	

### Incheon New Port Development Plan

Phases I-2 of Incheon New Port	By 2027(scheduled)	Container	3 berths for 4,000 TEU
Phase II of Incheon New Port	Planned	Container	1 berth for 4,000 TEU
Phase II of Incheon New Port	Planned	Container	2 berth for 4,000 TEU

### Incheon New Port Complex Development Plan

Phase I (2019-2030)	Port Complex Phase I-1	2,146,000㎡
	Port Complex Phase I-2	406,635㎡
	New Port Facility Site I	3,676,000㎡(incl. 6.281 km of shore protection)
	New Port Facility Site II	2,560,000㎡(incl. 6.000km of shore protection)

# Airport Free Trade Zone (Logistics Complex)

The Airport Free Trade Zone will give wings to your company and help it take flight into the world

The city requires no customs clearance procedures, offers tariff preferences and zero-rated VATs, and exempts land rents. Also, partnerships with domestic and international companies add to the quality of the city's logistics services.

Consisting of the cargo terminal (approximately 1,123,967 m<sup>2</sup>) and airport logistics complex (approximately 1,652,893 m<sup>2</sup>)

## Development Plan for the Airport Free Trade Zone

### Move-In Qualifications

- Adherence to the business as defined in article 10, paragraph(1), sub paragraph 5 of the act on designation and management of Free Trade Zones
  - Wholesalers mainly engaging in export and import transactions
  - A business that involves loading and unloading, transporting, storing, and displaying good

### Construction Conditions

- Building-to-land ratio of 70% and floor area ratio of 350% for logistics and manufacturing businesses
- Adherence to the obstacle limitation surface criteria as defined in the Airport Facilities Act

### Land Rent Reduction and Exemption Offered by Incheon International Airport Corporation

- Plan to activate the logistics complex by granting land rent reductions based on investment amounts.
- Paperless, expedited import and export are made possible based on carry-in and carryout without the need to undergo customs clearance
- Greater synergy with existing global logistics companies is expected
- The combination of the optimal location for global delivery centers and connection with production bases will also add to the competitiveness of resident companies

#### Location

Unseo-dong, Jung-gu,  
Incheon, Republic of Korea

Complex 2-1	6-9		33,080			
Complex 5-2	12-4		81,652			
Complex 5-3	12-12		39,416			
Complex 5-4	12-16		188,282			
Complex 6	101-6		450,685			
Reservation areas			165,964.1			

Classification	Classification Sites for investment, including tourist, entertainment, leisure, and education and research facility sites
Authorized use	Buildings permitted to be constructed within natural green areas pursuant to Article 46 of the Incheon Metropolitan City Urban Planning Ordinance ※ However, as for the sites permitted to accommodate foreign-capital-invested facilities, construction should be carried out in accordance with the authorized uses defined in Table 2. Also, the approval of those in charge of authorizing development plans should be gained in advance for those facilities not specified in Table 2
Building-to-land ratio (%)	30% or lower (80% or lower for off-street parking lots)
Floor area ratio (%)	100% or lower (600% or lower for off-street parking lots)
Maximum stories	10 stories or lower for off-street parking lots
Block	Complexes 1, 2, 5, and 6

Classification	Authorized uses
Theme-parklike golf courses	<ul style="list-style-type: none"> <li>Golf courses</li> <li>Theme-park-like facilities in connection with golf courses</li> <li>Facilities related to golf courses and auxiliary facilities</li> <li>Housing complexes within golf courses</li> </ul>
Theme parks	<ul style="list-style-type: none"> <li>Related facilities and auxiliary facilities of the theme park</li> <li>Class 1 neighborhood living facilities under Subparagraph 3 and Class 2 neighborhood living facilities under Subparagraph 4 of Attachment 1 of the Enforcement Decree of the Building Act, which are connected to the theme park</li> <li>Accommodation facilities under Subparagraph 15 of Attachment 1 of the Enforcement Decree of the Building Act, which are connected to the theme park</li> <li>Tourist and rest facilities under Subparagraph 27 of Attachment 1 of the Enforcement Decree of the Building Act</li> </ul>
Sports facilities	<ul style="list-style-type: none"> <li>Sports facilities under Attachment 1 of the Enforcement Decree of the Installation and Utilization of Sports Facilities Act (excluding golf courses)</li> <li>Single-family housing</li> <li>Tourist and rest facilities under Subparagraph 27 of Attachment 1 of the Enforcement Decree of the Building Act</li> </ul>
International educational institutions and schools	<ul style="list-style-type: none"> <li>Education and research facilities under Subparagraph 10 of Attachment 1 of the Enforcement Decree of the Building Act (excluding driving and repair-related vocational training centers under Clause C)</li> <li>Facilities for seniors and children under Subparagraph 11 of Attachment 1 of the Enforcement Decree of the Building Act</li> <li>International educational institutions and international high schools under the Special Act on Designation and Management of Free Economic Zones</li> <li>International schools under the Elementary and Secondary Education Act</li> </ul>
International hospitals	<ul style="list-style-type: none"> <li>General hospitals, hospitals, dental clinics, and Oriental medicine clinics among medical facilities under Subparagraph 9 of Attachment 1 of the Enforcement Decree of the Building Act</li> <li>Facilities for seniors and children under Subparagraph 11 of Attachment 1 of the Enforcement Decree of the Building Act</li> </ul>
Social welfare facilities	<ul style="list-style-type: none"> <li>Hospitals among medical facilities under Subparagraph 9 of Attachment 1 of the Enforcement Decree of the Building Act</li> <li>Education and research facilities under Subparagraph 10 of Attachment 1 of the Enforcement Decree of the Building Act</li> <li>Facilities for seniors and children under Subparagraph 11 of Attachment 1 of the Enforcement Decree of the Building Act</li> <li>Training facilities under Subparagraph 12 of Attachment 1 of the Enforcement Decree of the Building Act</li> </ul>
Parking facilities	<ul style="list-style-type: none"> <li>Automobile-related facilities under Subparagraph 20 of Attachment 1 of the Enforcement Decree of the Building Act (excluding junkyards)</li> <li>Building uses permitted by Article 2 of the Parking Lot Act and the Incheon Metropolitan City</li> </ul>
Large retailers	<ul style="list-style-type: none"> <li>Large retailers notified by the Minister of Trade, Industry and Energy in consultation with the heads of pertinent central administrative institutions among buildings that can be constructed within natural green areas under Attachment 17 of the Enforcement Decree of the National Land Planning and Utilization Act</li> </ul>
Headquarters and supporting facilities of financial service providers	<ul style="list-style-type: none"> <li>Sports facilities under Subparagraph 13 of Attachment 1 of the Enforcement Decree of the Building Act (excluding outdoor golf driving ranges)</li> <li>Clause A (warehouses) and Clause D (facilities for collection and storage before delivery) among warehouse facilities under Subparagraph 18 of Attachment 1 of the Enforcement Decree of the Building Act</li> <li>Clauses A, B, C, and D among Class 1 neighborhood living facilities under Subparagraph 3 of Attachment 1 of the Enforcement Decree of the Building Act <ul style="list-style-type: none"> <li>Clause A: Retailers selling daily necessities, such as food, miscellaneous goods, clothing, toys, books, and building materials, measuring less than 1,000㎡</li> <li>Clause B: Restaurants where alcoholic beverages are not allowed, bakeries, etc., measuring less than 300㎡</li> <li>Clause C: Beauty shops, dry cleaners, public bathhouses, etc., measuring less than 1,000㎡</li> <li>Clause D: Clinics, dental clinics, Oriental medicine clinics, etc., measuring less than 1,000㎡</li> </ul> </li> <li>Clause D (dormitories) among multi-family housing under Subparagraph 2 of Attachment 1 of the Enforcement Decree of the Building Act</li> <li>Cultural and assembly facilities under Subparagraph 5 of Attachment 1 of the Enforcement Decree of the Building Act</li> <li>Education and research facilities under Subparagraph 10 of Attachment 1 of the Enforcement Decree of the Building Act (excluding Clauses C and D)</li> <li>Facilities for seniors and children under Subparagraph 11 of Attachment 1 of the Enforcement Decree of the Building Act</li> <li>Clauses H, I, M, and N among Class 2 neighborhood living facilities under Subparagraph 4 of Attachment 1 of the Enforcement Decree of the Building Act <ul style="list-style-type: none"> <li>Clause H: Restaurants where alcoholic beverages are not allowed, bakeries, etc., measuring less than 1,800㎡</li> <li>Clause I: General restaurants measuring less than 2,700㎡</li> <li>Clause M: Tennis courts, fitness clubs, etc., measuring less than 500㎡</li> <li>Clause N: Financial service providers, offices, etc., measuring less than 500㎡</li> </ul> </li> </ul>

# Incheon Robot Land

We are rising as the global hub of the intelligent robotics industry.

We aim to stand tall and firm as the pivot of Korea's robotics industry armed with world-class infrastructure and relevant theme parks.

**Location** 440-1 Wonchang-dong, Seo-gu, Incheon Metropolitan City

**Area** **769,281**m<sup>2</sup>(about 230,000 pyeong)

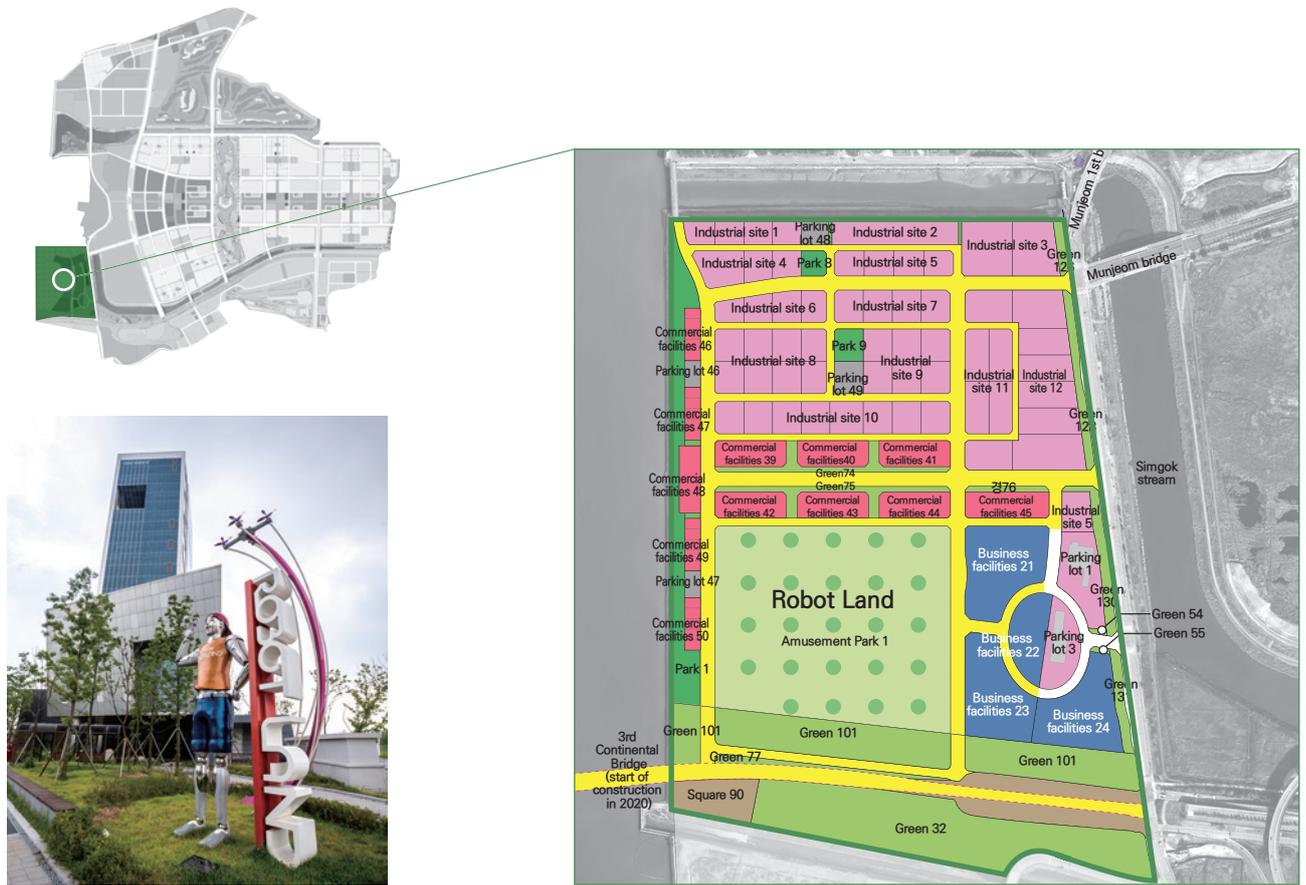

**Project costs** KRW 711 billion

**Project period** 2009~2024

**Project developer** Incheon Metropolitan City

**SPC(agent)** Incheon Robot Land

## Development Plan for the Incheon Robot Land

### Land Use Plan

Classification	Area (㎡)	Percentage (%)
Total area	769,281.1	100.0
Robot industry promotion facilities	242,133.2	31.5
Robot industry facilities	217,129.0	28.2
Robot industry promotion facilities	25,004.2	3.3
Recreation facilities	153,292.6	19.9
Auxiliary facilities	138,131.4	18.0
Commercial facilities	68,880.7	9.0
Business facilities	69,250.7	9.0
Infrastructure	235,723.9	30.6

# Cheongna IHP Advanced Urban Industrial Complex (Incheon High-Tech Park)

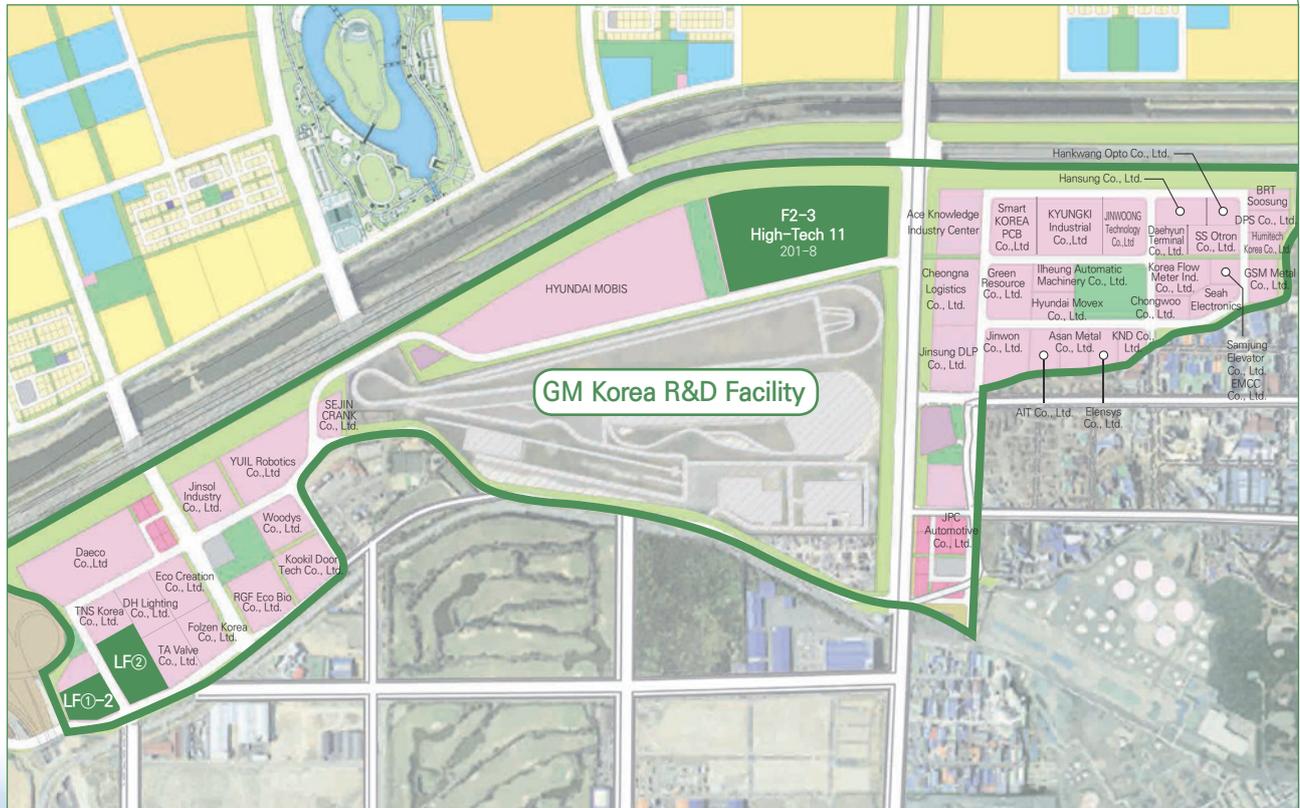

State-of-the-art urban industrial complex that fosters technological innovation

We will focus on creating sustainable industrial ecosystems to cultivate a state-of-the-art industrial complex by attracting advanced auto parts makers, R&D companies, and research institutes and by fostering future specialists in relevant fields.

- Location** Cheongna-dong, Seo-gu, Incheon, Republic of Korea
- Resident companies** Hyundai movex, AIT, Kometer, BMW Korea
- For inquiries** Emerging Industry Division IFEZ Authority ☎ 032-453-7832  
LH Cheongna Sales ☎ 032-540-1721

Area of lots distributed for purchasing  
**1,169,241.9 m<sup>2</sup>**

## Development Plan for the Cheongna IHP Advanced Urban Industrial Complex

### R&D & High-Tech Industrial Sites on the Supply List (F type)

Block	Lot number	Area (㎡)	Building-to-land ratio (%)	Floor area ratio (%)
F2-3	201-8	83,084.3(25,133 pyeong)	70	350

※ Regardless of the landscaping deliberation process, the abovementioned sites are subject to consultation with IFEZ Authority regarding compliance with the detailed landscaping plan prior to gaining building permission.

### Types of Businesses to Be Housed

Classification	Types of businesses to attract	Korea Standard Industry Code
F2	IT <ul style="list-style-type: none"> <li>• Electronic parts, computer, video, audio and communications equipment manufacturing business</li> <li>• Medical, precision, optical equipment and watch manufacturing business</li> <li>• Solar-power generation among electricity, gas, steam, and air-conditioning supply businesses</li> </ul>	26, 27, 35114
	Automotive <ul style="list-style-type: none"> <li>• Other automotive parts related IT manufacturing business</li> <li>• Solar-power generation among electricity, gas, steam, and air-conditioning supply businesses</li> <li>• Engine and body parts manufacturing business</li> <li>• Power transmission and electrical device manufacturing business</li> <li>• Other auto parts manufacturing business</li> <li>• Solar-power generation among electricity, gas, steam, and air-conditioning supply businesses</li> </ul>	26, 27, 28, 29, 35114
	Robot <ul style="list-style-type: none"> <li>• Other machinery and equipment manufacturing business</li> <li>• Solar-power generation among electricity, gas, steam, and air-conditioning supply businesses</li> </ul>	29, 35114
	New materials <ul style="list-style-type: none"> <li>• Rubber and plastic product manufacturing business</li> <li>• Non-metallic mineral product manufacturing business</li> <li>• Primary metal manufacturing business</li> <li>• Fabricated metal product manufacturing business</li> <li>• Solar-power generation among electricity, gas, steam, and air-conditioning supply businesses</li> </ul>	22, 23, 24, 25, 35114
	R&D Companies <ul style="list-style-type: none"> <li>• Metal and plastic mold design field</li> <li>• Factory line design and drawing field</li> <li>• Performance and durability related test and design field</li> <li>• Automobile and parts analysis (structure, performance, etc.) related fields</li> <li>• Advanced parts, material technology research, and automobile software development fields</li> <li>• IT, electricity, electronics, other precision machinery, new materials, and mechatronics related fields</li> <li>• Solar-power generation among electricity, gas, steam, and air-conditioning supply businesses</li> </ul>	70, 71, 72, 73, 35114

※ Independent attraction (introduction) of new and renewable energy (solar-power generation business) is not permitted, though it is permitted to attract IT, automotive, robot, (new) materials, and R&D companies.

Block	Lot number	Use	Area (㎡)	Building-to-land ratio (%)	Floor area ratio (%)	Height
LF①-2	196-5	Long-term lease Industrial land	10,271.0	70	350	5F
LF②	198-6		16,740.2			

#### Authorized uses

- The following building uses are permitted in general industrial zones [Building Act Enforcement Decree Annex 1]
  - Factory (Only urban factories allowed)
  - Dormitory among multi-unit dwelling (For incidental use only)
  - Educational research facilities (Research Lab Only)
  - Storage and processing facilities for hazardous materials (For incidental use only)
- Cluster facility for venture businesses under [Special Measures Act on Venture Business Development]
- Affiliated software promotion facilities under the [Software Industry Promotion Act]
- Urban factory established in accordance with the [Act on Industrial Cluster Activation and Factory Establishment]
- According to the Korean Standard Industrial Classification (D35114), facilities and equipment related to solar power generation.
  - ※ Target Industries: IT (information and communication), Automobile, (new) Material, Robot-Related Industry, and R&D enterprises
  - ※ Independent investment(introduction) of new and renewable energy (limited to solar thermal power generation) is not permitted; however, inversion is possible with the aforementioned target industries.

# Special Benefits Offered by IFEZ

## Tax Reduction and Exemption

### Incentives

Classification	Tax	Tax exemption and reduction period and rate	Conditions
Foreign-invested resident companies of IFEZ	National taxes	Exempted for 5 years from the date of import declaration	Imported capital goods
	Customs duties	100% exempted up to 15 years based on the ordinance	Manufacturing: USD 10 million or more Tourism: USD 10 million or more Logistics: USD 5 million or more Healthcare service providers: USD 5 million or more R&D: USD 1 million or more
	Local taxes	Property tax	Tax break for 13 years pursuant to the Ordinance: 100% reduction for the first decade 50% reduction for the next three years
Cash		<ul style="list-style-type: none"> <li>To be negotiated but at least 5% of FDI to be provided</li> <li>Installation costs for production plants and research facilities and employment and education/ training subsidies (Condition) For companies with at least 30% foreign investment</li> <li>To be determined by comprehensively assessing technologies serving as new growth engines, effects of technological transfers, scale of job creation, etc.</li> </ul>	
Financial support	Infrastructure	<ul style="list-style-type: none"> <li>Roads, railroads, airports, ports, drainage systems, waste treatment facilities, etc. (Condition) 50% to be supported through government spending and 100% to be supported when approved by the IFEZ Committee</li> </ul>	
	Support for foreign educational and research institutions	<ul style="list-style-type: none"> <li>Installation preparation costs for foreign education and research institutions, initial operating expenses, construction costs, etc. (Condition) Assessment criteria, such as reputation and contribution to the nation's development, to be fulfilled</li> </ul>	
	Rental costs, etc.	<ul style="list-style-type: none"> <li>Lease allowed for 50 years for national and public lands (the lease contract may be renewed within the contract period of 50 years)</li> <li>Rental costs standing at 1% of the site price</li> <li>Rental costs to be reduced or exempted by 50–100% for national and public lands Purchasable at the actual development cost for national and public lands</li> </ul>	
Other benefits	Deregulation of labor	<ul style="list-style-type: none"> <li>Excluded from the obligation to prioritize hiring the disabled, men of national merit, senior citizens, and other specified disadvantaged groups in the labor market</li> <li>Excluded from regulations concerning employment periods and target jobs of dispatched workers Unpaid leave allowed, etc.</li> </ul>	
	Free from sanctions on foreign currency transactions	<ul style="list-style-type: none"> <li>Direct ordinary transactions allowed between the concerned parties for amounts up to USD 10,000</li> </ul>	
	Exclusion of the Metropolitan Area Reorganization Planning Act	<ul style="list-style-type: none"> <li>Excluded from limits of overconcentration control zones and growth management zones specified in the Seoul Metropolitan Area Readjustment Planning Act</li> <li>Excluded from overconcentration charges, total-quantity regulations for population-concentrating facilities, and regulations for large-scale development projects</li> </ul>	

### Project Developer

Taxes	Details	Conditions (investment amount, etc.)		
National taxes	Customs duties	Exempted for 5 years		
		Imported capital goods		
Local taxes	Municipal tax	Acquisition tax	100% exempted up to 15 years pursuant to the local government body's ordinances	Investment of the amount required for the exemption and reduction of corporate and income taxes for 5 years
	District tax	Property tax	Tax break for 13 years pursuant to the Ordinance: 100% reduction for the first decade 50% reduction for the next three years	Investment of the amount required for the exemption and reduction of corporate and income taxes for 5 years or longer

※ All benefits are applied based on the current law.

※ Applicable Acts

Articles 16 and 25 of the Special Act on Designation and Management of Free Economic Zones

Article 121-2 (1) 2 (a), Article 121-2 (1) 2-2, Article 121-2 (1) 2-3, and Article 121-2 (12) 3 of the Restriction of Special Taxation Act

※ Corporate and income taxes (national taxes) were abolished as of January 1, 2019

## Tax Reduction Application Procedure

**Application for prior confirmation of tax reduction or exemption**

**Application institution |**  
Ministry of Strategy and Finance (044-215-7621)  
Check in advance whether you are eligible for tax reduction or exemption

**Foreign Investment Report (New/Increased)**

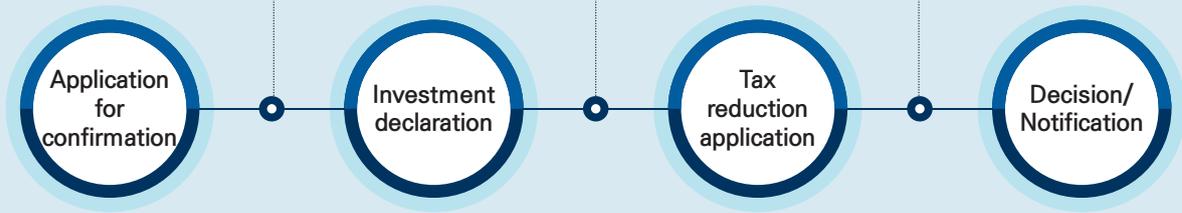

**New investment report |**  
Applications can be made by the end of the tax year in which the business is opened  
**Report an increase in investment |**  
Conform to new  
**Change Investment Report |**  
Within 2 years from the date of change

**Tax reduction application**

**Processing deadline |**  
Within 20 days from the date of application for tax reduction or exemption

**Tax reduction decision/ notification**

**Processing deadline |**  
Within 20 days from the date of application for tax reduction or exemption  
**Notification agency |**  
Applicant,  
Commissioner of the National Tax Service,  
Commissioner of the Korea Customs Service,  
Head of the competent local government

## Tourism and Recreation Facility Investment Immigration system

### Overview

### Invest in IFEZ now and gain permanent residency!

Public Notice of the Ministry of Justice No. 2023-255(May 19, 2023)

Public notice on the criteria regarding real estate investment areas, targets, Investment standard amounts, etc., which form the eligibility for the F-2 (long-term residency) visa status under Clause J, Subparagraph 27, Attachment 1 of the Enforcement Decree of the Immigration Act

**Target areas**

Songdo International City, Yeongjong International City, and Cheongna International City within IFEZ

**Target facilities**

Vacation condominiums, living and accommodation facilities, housing constructed in connection with sports facilities, tourist pensions

**Eligible investment amount**

KRW 1 billion at minimum

**Time limit**

April 30, 2026

### Benefits of Permanent Residency

- 1 Eligibility to freely visit and reside in areas other than IFEZ throughout Korea
- 2 Eligibility to receive compulsory education given to Korean citizens
- 3 Eligibility to be covered by national health insurance just as Korean citizens

※ For more information, please visit our website ([www.ifez.go.kr](http://www.ifez.go.kr)) > Investment support > Investment Benefit > Investor immigration system

## Criteria for Investment by Foreign-Capital-Invested Companies

### Overview

- Articles 2, 9–7, and 16 of the Special Act on Designation and Management of Free Economic Zones
- Articles 2 (1) 1 and 2 (1) 6 of the Foreign Investment Promotion Act
- Article 33 of the Industrial Cluster Development and Factory Establishment Act

### Selection Criteria

#### • Criteria

##### Basic Requirement

In order to be accepted as an investor, the company must reach the preset amount of foreign direct investment (both new and expanded investments) and fulfill at least one of the following requirements for investment.

##### Requirements for Investment

**(One or more of the following criteria for investment must be fulfilled.)**

- Listed on major global stock markets (NYSE, NASDAQ, and Euronext as well as London, Tokyo, and Hong Kong Stock Exchanges)
- Recently ranked in the Fortune 1,000
- Recently ranked in the top 1,000 firms selected by Maeil Business Newspaper
- Recognized as a hidden champion
- Ranked among the global top-three companies in the industry

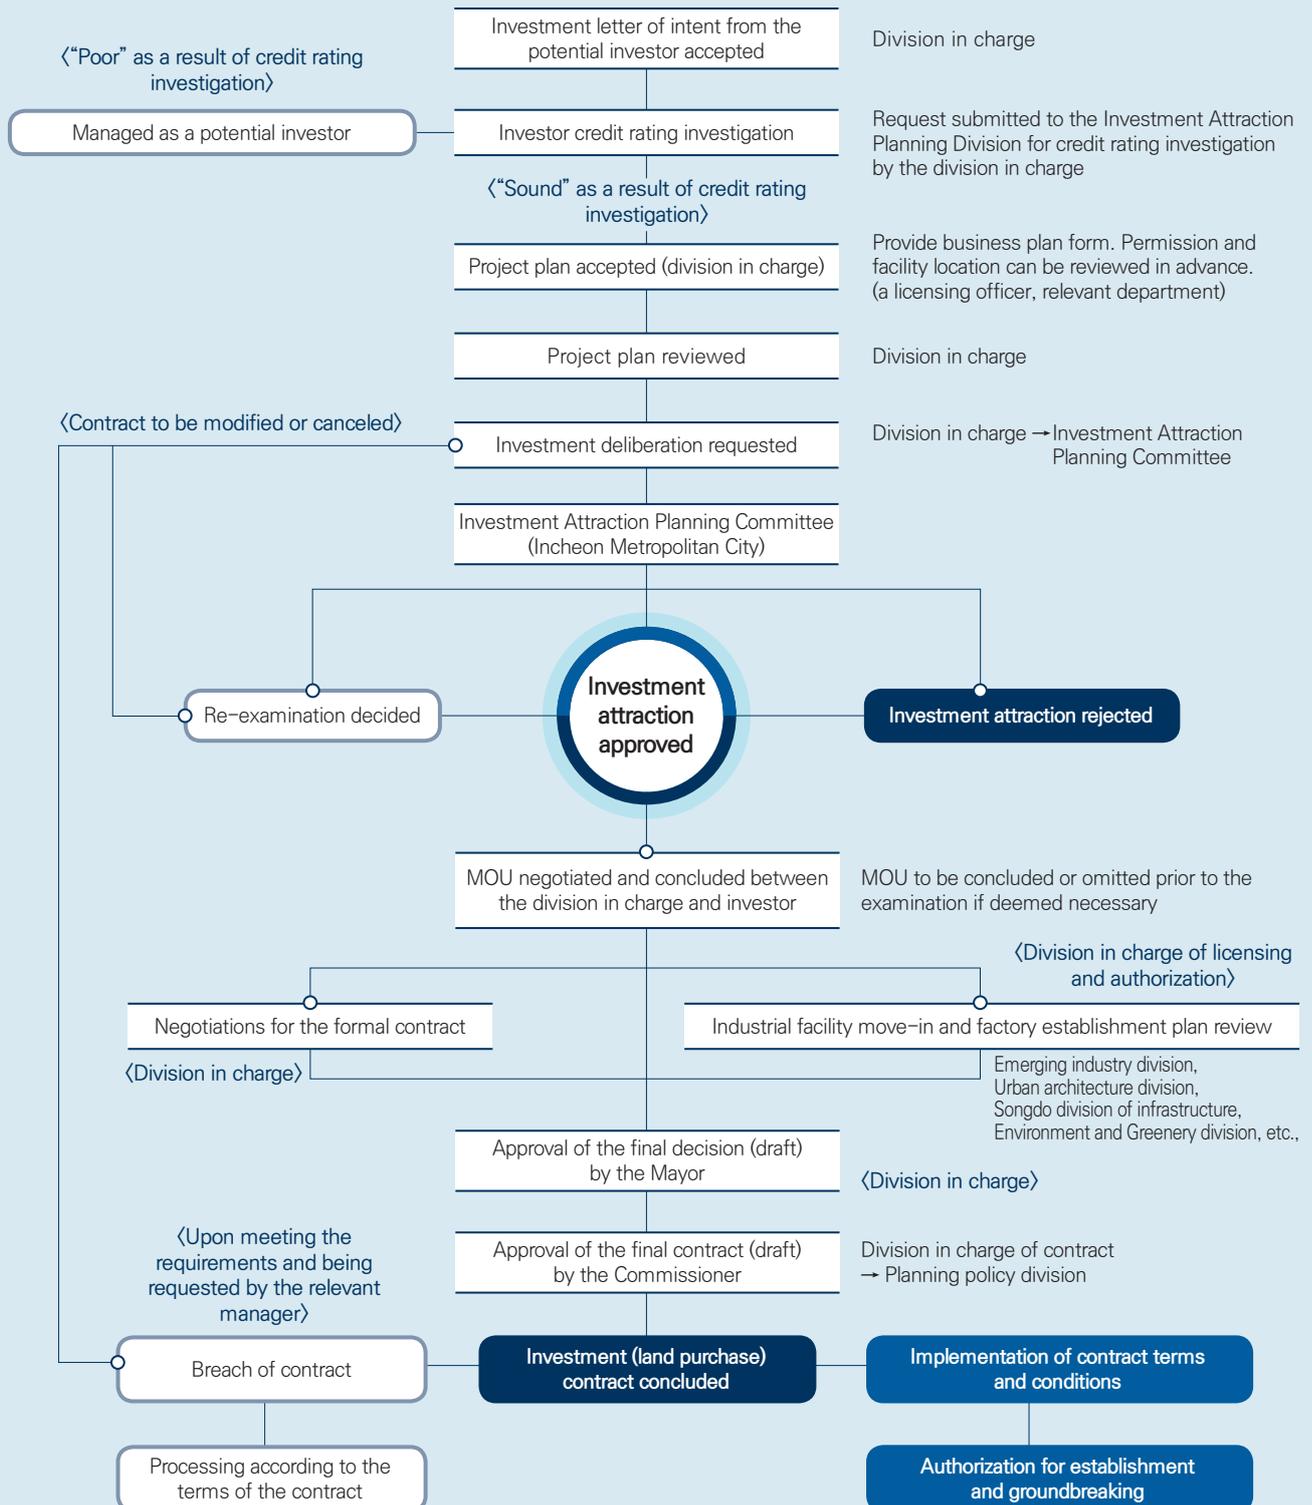

### Project Developers

	Classification	Recommended criteria for land supply
1. Investment amount	1-1. Total project costs	KRW 3.2 billion per 1,000m <sup>2</sup>
	1-2. Foreign investment amounts	USD 1 million per 1,000m <sup>2</sup>
2. Building-to-land ratio and floor area ratio		60% or more of the standard building-to-land ratio and floor area ratio in the initial project stage and 75% or more of the standard building-to-land ratio and floor area ratio in the final project stage recommended
3. Aesthetics and landscaping of the building		Artistic value, lighting effect, etc. of the building

### 기타 사항

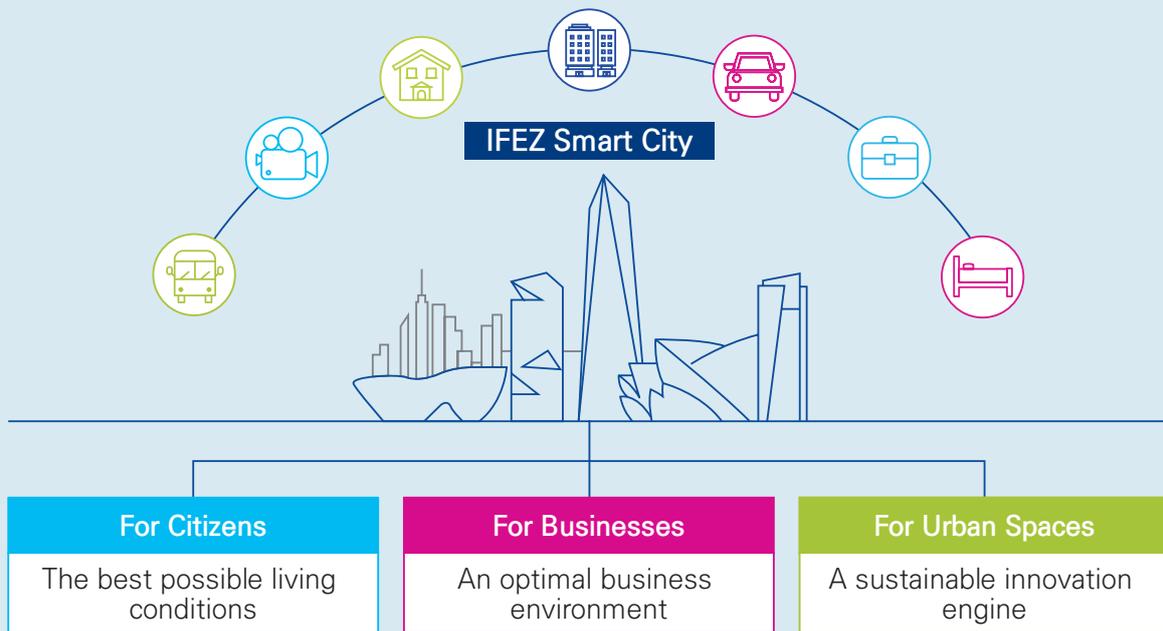

- Those focusing on the creation of new jobs with the top priority on hiring Incheon citizens and revitalization of the economy
- Cutting-edge industries and eco-friendly companies
- Those providing opportunities for local companies of Incheon related to the construction field to take part in the project

## Investment Attraction Procedures for Resident Companies

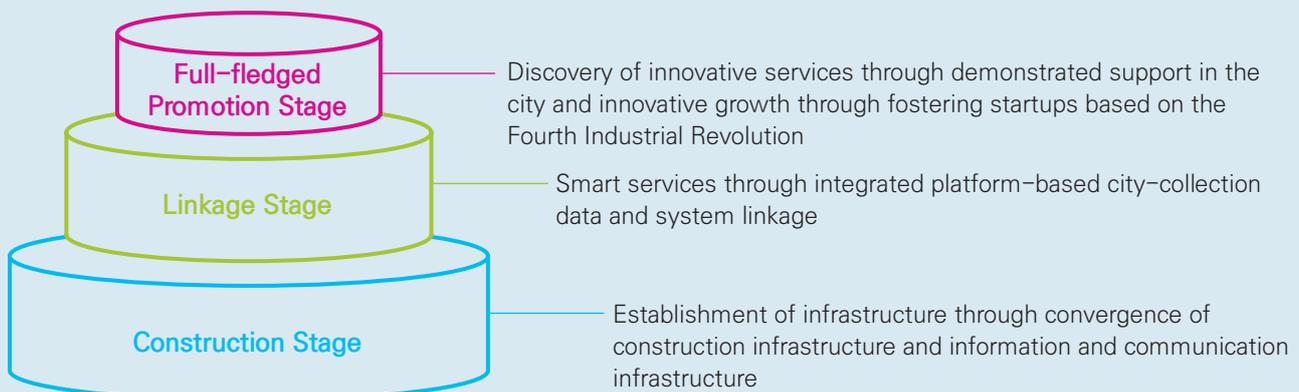

# IFEZ, Global Leading Smart City

IFEZ, which has advocated the Greenfield Smart City, a new city concept from the urban-planning stage, provides the best living conditions for citizens, an optimal business environment for businesses, and a sustainable innovation engine for urban spaces.

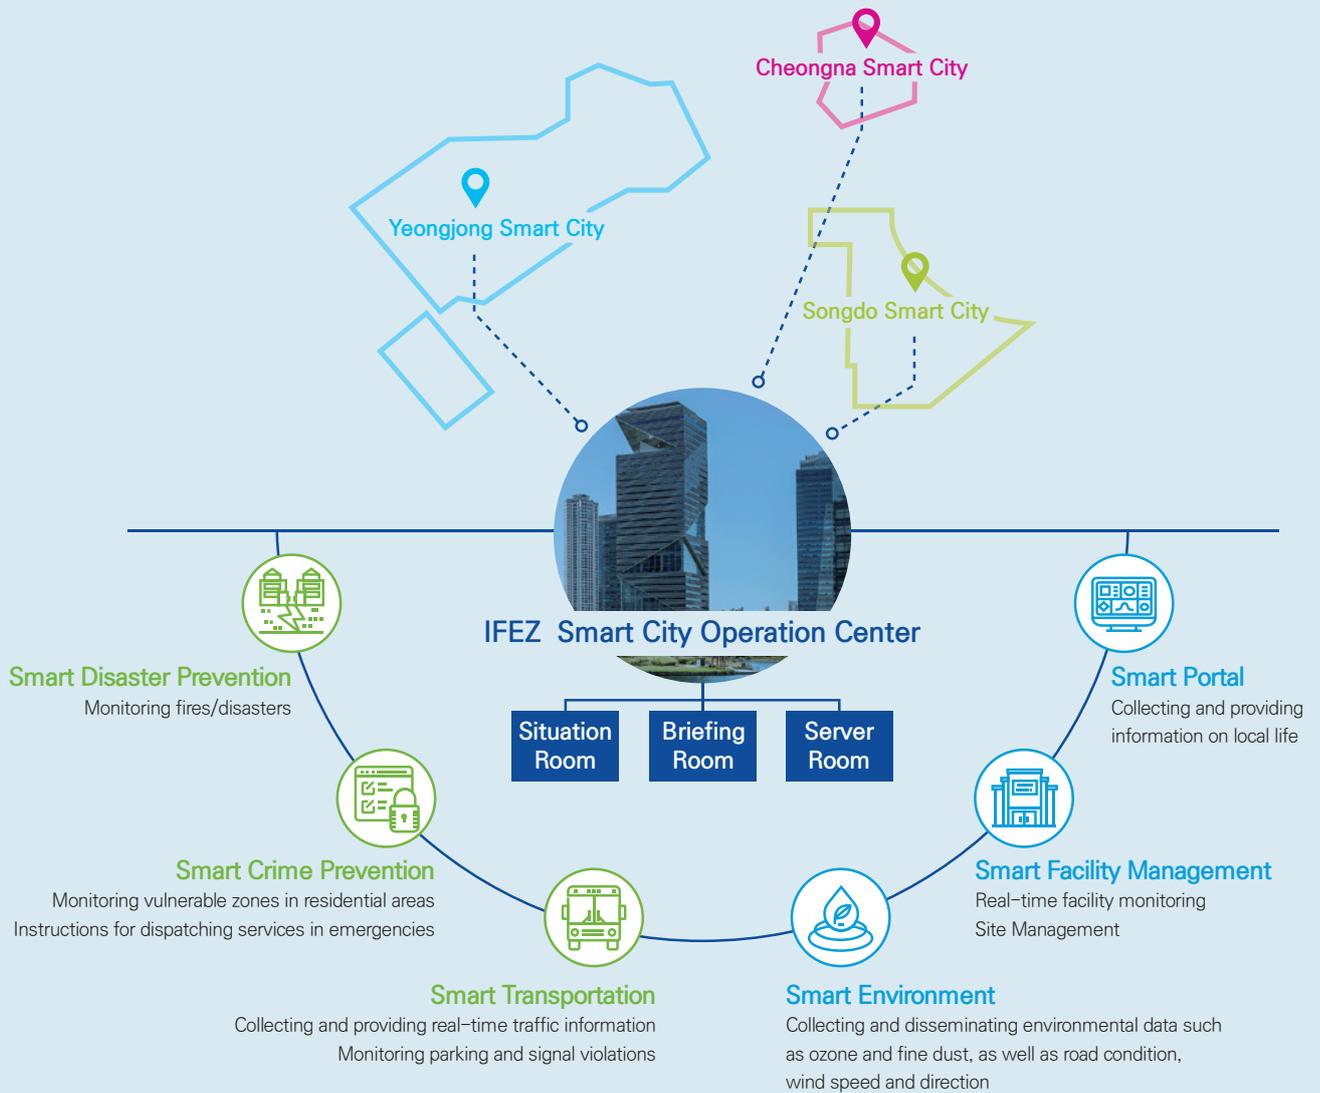

## The Stages of IFEZ Smart City Project

The IFEZ Smart City project proceeds in three phases: the construction stage to create infrastructure (2003–2009), the platform-based linkage stage (2010–2017), and the full-fledged promotion stage to nurture new industries (2018–2030).

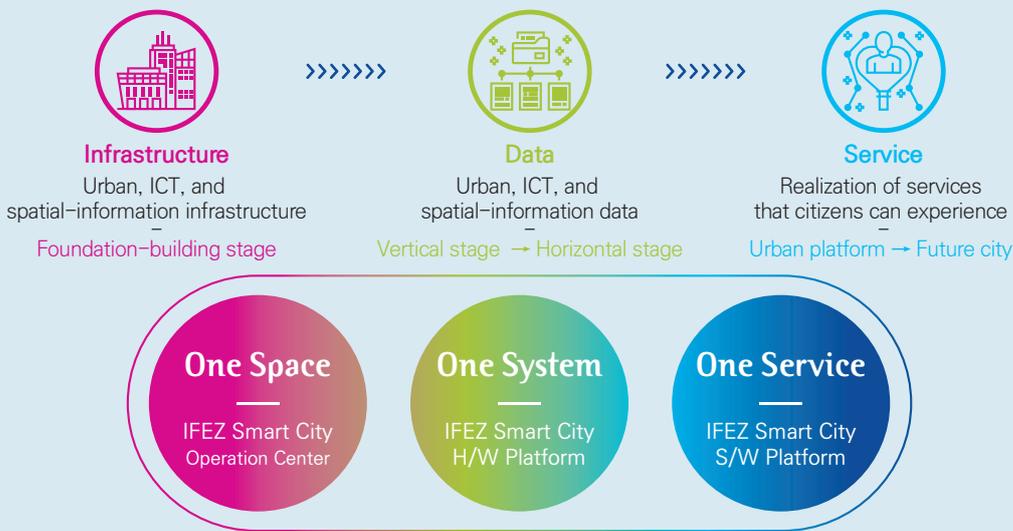

## IFEZ Smart City Operation Center

- Construction and operation of the City Integrated Operation Center that consolidates the centers for IFEZ’s three districts (Songdo, Yeongjong, and Cheongna)
- Data collection and provision in connection with public institutions in Incheon, such as the Incheon Traffic Information Center, Incheon Fire Department, and Incheon Metropolitan Police
- Building a consistent monitoring and management system for smart city services based on the Fourth Industrial Revolution technology

## The Roles of IFEZ Smart City

IFEZ Smart City builds ICT infrastructure throughout the city to collect real-time data. Once the data is processed and analyzed, as needed, it is used to solve various urban problems and to provide smart services to citizens, such as disseminating information on transportation, safety, the environment, and other urban elements.

## IFEZ Smart City Platform

Smart city services feature flexible changes. By integrating and managing these services on a single platform, their efficiency can be maximized in an urban environment. The IFEZ Smart City Platform is an example of core software and hardware that can be applied to any city's planning in order to build a smart city.

**IFEZ Smart City S/W Platform**

One of the Smart City Operation Center's core SW platforms, whose main purpose is to provide a unified software framework for easy expansion and operation of smart city services

- Increasing efficiency and reducing construction and operating costs when applying the new service development
- Centralized operation and management within the same environment when using existing services

**IFEZ Smart City H/W Platform**

An HW platform that optimizes and operates numerous system resources for operating smart city services using virtualization technology to reduce operating costs and ensure scalability

- Establishing a system to share and expand data-center resources like servers and networks
- Dramatic reduction of existing operating costs

## IFEZ Smart City Development Direction

IFEZ focuses on creating a startup-innovation ecosystem through open innovation centered on Incheon Startup Park. Smart city startups will play a key role in creating an industrial ecosystem and growing smart city innovation through innovative services.

### Incheon Startup Park, Korea's First Public-Private Partnership Startup-Nurturing Model

Incheon Startup Park creates a startup ecosystem that aims to become the cradle of unicorn companies by establishing a comprehensive startup-support system that combines private experiences, capabilities, and public resources.

# IFEZ Smart City Achievements

## Awards

- e-Government best practice 2017 from Ministry of the Interior and Safety
- Smart City Asia Pacific Awards 2016 & 2017 from International Data Corporation (IDC)
- GIS Excellence Software Award from GEO Smart 2017
- WSCE(World SmartCity Expo) City Awards 2022

## Patent and Certification

- Intellectual Property – 3 Software Copyrights / 5 Patents
- “Smart City Platform Standard” Certified by Ministry of Land, Infrastructure and Transport
- “GS(Good Software)” Certified by Ministry of Science and ICT
- “GDC(Green Data Center)” Certified by Ministry of the Interior and Safety

## Achievements in Korea and Overseas

### Domestic

- Supplied the IFEZ Smart City platform to 11 local governments
  - MSIT's AI-convergence technology R&D project for smart city industrial productivity innovation (03. 2019 – 12. 2021)
  - MSIT's data map-based big data search technology R&D project (03. 2020.3 – 12. 2023)
  - MSIT's IoT test-field creation project (01. 2020 – 12. 2021)
  - MLIT : Smart City Innovation Technology Discovery Citizen participation Living Lab Project(6.2022~4.2023)
- \* MSIT: Ministry of Science and ICT

### Overseas

- 2013 Master planning for Yachay Knowledge City, Ecuador
- Jul 2015 – Feb 2016 Smart city feasibility study for Valledupar & Villavicencio, Colombia
- Jun 2017 – May 2018 Smart city operation center consulting for Vietnam
- May 2017 – present Drone-enabled air quality monitoring service based on IFEZ Smart City Platform India
- July 2018 – MOU for cooperation for the Smart City (IFEZ-Surco District of Lima, Peru)

# With IFEZ

**Come to IFEZ fully equipped with infrastructure to turn your investment into a success!**

IFEZ is home to companies and institutions that are at the forefront of advanced industries and work to shape a brighter tomorrow. As a mecca of business selected by globally renowned organizations in Korea and abroad, we will remain dedicated to bringing your dreams into reality.

# IFEZ making leaps forward!

IFEZ continues to make leaps forward driven by its remarkable growth of today and its unlimited growth potential of tomorrow.

A new growth engine that sets the direction for Korea's future Explore IFEZ, where professionals and companies from around the globe are gathered together, and create thriving synergy.
